Build a foundation of cultural literacy, global awareness and language proficiency with the Bachelor of Arts in Italian at Temple University.

A CLOSE-KNIT COMMUNITY

Our small class sizes allow faculty and students to build a rapport with each other. In turn, we devote a great amount of individual attention to every student throughout their college career, leading them towards success. We understand their talents and potential, and work with them to find opportunities that best fit their professional and academic aspirations.

Juniors and Seniors can apply for the Marthe Lavallée-Williams Academic Scholarship, which provides financial support to Italian and Italian Studies majors.

WORLDLY CAREERS

Italy is one of the top economies in the world and in the European Union. Thousands of American companies do business with and have offices in Italy. The country is a leader in fields including auto manufacturing, culinary arts, electromechanical machinery, graphic design, furniture design and shipbuilding.

Italian majors graduate with foreign language proficiency and excellent communication skills, as well as a global understanding and sensitivity ideal for a diverse array of international career options.

Students are prepared to enter graduate school or begin their career in a number of fields, including communications and media, diplomacy, education, international affairs, public relations, journalism, speech therapy and translation.

IMMERSIVE EXPERIENCES

Immerse yourself in Italian culture and society through one of Temple’s study abroad opportunities, including Temple University Rome. Gain a broad view of the country and its unique perspectives with classes offered in art, architecture, language and international business.

Students of Italian not only study abroad, but they can partake in fellowship and teaching programs as well as internships in Italy. Italian majors and minors are highly encouraged to apply for the Marthe Lavallée-Williams Study Abroad Scholarship and Grants, which offers generous financial awards to support language study in Italy for one semester, one academic year, or one summer.
