

GENDER, SEXUALITY, AND WOMEN'S STUDIES

The **Gender, Sexuality and Women's Studies** Program at Temple University welcomes students interested in an intersectional approach to gender, sexuality, race, and other key identities—and ways that these intersections are manifested in people's lives.

Take an intersectional approach to studying gender, sexuality, race, and other key identities by examining their impact in cultural, economic, historical, and political contexts. The undergraduate Bachelor of Arts degree, minor, and certificate programs draw from the breadth and diversity of liberal arts coursework, allowing you to tailor your course of study. In addition, Gender, Sexuality, and Women's Studies offers a graduate-level certificate program.

ACADEMIC OFFERINGS:

- BA in Gender, Sexuality, and Women's Studies
- Minor in Gender, Sexuality, and Women's Studies

INCLUSIVE COMMUNITY, UNMATCHED SUPPORT

Gender, Sexuality and Women's Studies majors at Temple are part of a close-knit community. They benefit from small class sizes and receive individual attention from professors. Students learn to apply different methods of critical analysis to the study of gender and sexuality; attain a heightened sensitivity for marginalized and oppressed groups; and examine power dynamics.

Interdisciplinary by design, the program helps students broaden their expertise in national and global gender and sexuality issues.

WHERE YOU CAN GO

The skills gained from a liberal arts degree are highly relevant in today's rapidly changing world. Expertise on gender, sexuality, and LGBT issues is desirable to employers looking to build a more diverse and inclusive workplace, and more and more employers seek professionals with the vital knowledge and skills acquired through the Gender, Sexuality and Women's Studies major, minor, and certificate programs.

Students acquire valuable hands-on experience during their field work internship. Graduates are prepared to meet employers' institutional and organizational needs and trained to enter a wide variety of fields. The program serves as a pathway to graduate and professional degree programs, and recent alumni have secured positions in **counseling, education, media and communication, and nonprofits.**

At the College of Liberal Arts(CLA), students have access to more than just great classes. Our urban setting provides **COUNTLESS EXPERIENTIAL LEARNING OPPORTUNITIES** outside the classroom like internships, research endeavors with faculty and community engagement. These experiences **EMPOWER OUR STUDENTS** to continue developing their skill sets, pursuing their interests and growing into tomorrow's leaders in challenging and rewarding career paths.

INTERNSHIPS

Internships impart valuable skills that are extensions of those taught in the classroom. CLA is committed to enhancing students' professionalism and assisting them in obtaining internships. Visit the **Joyce K. Salzberg Center for Professional Development** for internship resources dedicated solely to liberal arts students.

COMMUNITY-ENGAGED LEARNING

Community-engaged Learning (CEL) is a collaboration between students, faculty and community stakeholders to address a community-identified need.

RESEARCH OPPORTUNITIES

Undergraduate research opportunities at CLA range from developing an independent project to partnering with a faculty member or working with a university lab or group.

STUDY ABROAD

Studying abroad can be one of the most transformative experiences you'll have as a college student. Temple University students have many opportunities to study abroad through our international campuses in Rome and Japan, foreign exchange programs and external partnerships.
