

4 + 1 Accelerated Program

Bachelor & Master of Science in Neuroscience: Systems, Behavior and Plasticity Faculty

Sponsor Agreement Form

Student Name _____

Faculty Member Name _____

Title/Division _____

Research Interests _____

I have met with this student to discuss his/her application to the 4 + 1 BS/MS program in neuroscience and potential research ideas for the master's project requirement. The student's research interests are compatible with current work in my lab.

If the student is accepted to the program, I agree to mentor this student for four semesters of research, starting in the fall semester of the senior year, through completion of the final master's project in the spring semester of the 5th year.

Description of Research Project (Please provide a brief preliminary description of the research area the student will be investigating under your direction):
